

**MA in Chaplaincy
Field Education Registration Form**

Field Education for the MA in Chaplaincy is under the supervision of the Director of Field Education. The aim of the two-semester (6 credits total, 3 credits per semester) practicum is for students to engage in the practice of chaplaincy and have structured reflection on the integration of the theory and practice of chaplaincy. Students will meet in person/via Zoom with the Field Director to reflect on their experience, and discuss their learning goals which can evolve during the experience. Chaplaincy Students must pass a year one oral integrative exam to engage in their first unit of field education, and successfully complete the first unit in order to register for the second unit. Students must meet with the Director of Field Education and one of the Chaplaincy Co-Directors to discuss appropriate field-education placements prior to registration.
